Ahmad Samim Hamza

Date of birth: 20/05/1998 | **Nationality:** Afghan | **Gender:** Male | **Phone number:** (+358) 449543211 (Mobile) | **Email address:** samim.hamza7@gmail.com | **Website:** samimhamza.com | **LinkedIn:** ahmadsamimhamza | **Github:** samimhamza | **WhatsApp Messenger:** +358449543211

ABOUT ME

I am an experienced Software Engineer with five years in the industry. My goal is to further my education through a master's degree, where I can apply my technical skills and passion for innovation. I am committed to academic excellence and eager to contribute to groundbreaking projects.

WORK EXPERIENCE

RAMAKI GROUP OF COMPANIES – KABUL, AFGHANISTAN

SENIOR SOFTWARE ENGINEER – 05/2024 – 07/2025

My responsibilities at the Ramaki Group of Companies were as follows:

1. Database Analysis and Design.
2. Develop API & Backend Logic: Building RESTful APIs and GraphQL APIs.
3. Database Interaction: Writing queries and interacting with databases.
4. Testing: Writing unit, integration, and feature tests.
5. Package Development & Management: Developing, Installing, and managing packages.

PEACE GLOBAL LOGISTICS – KABUL, AFGHANISTAN

SOFTWARE ENGINEER – 09/2022 – 04/2024

My responsibilities were as follows:

1. Designing and creating reusable Frontend components
2. Developing Rest Full APIs
3. Designing and analyzing databases
4. Hosting and server maintenance

SMART FRIQI – KABUL, AFGHANISTAN

WEB DEVELOPER – 26/07/2021 – 20/09/2022

I was working at Smart Friqi as a Web developer at Smart Friqi company which was a sub-company of Teebalhoor commercial broker company based in UAE. My responsibilities were as follows:

1. Designing and creating reusable Frontend components
2. Developing Rest Full APIs
3. Adding Real-time functionality to web applications

TWISTEDBITS ICT – KABUL, AFGHANISTAN

WEB DEVELOPER – 01/05/2021 – 15/07/2021

In this short period, I have built two web applications with the TwistedBits team. These applications were management information systems, and those projects were built in Php and Javascript languages with technologies and frameworks such as Laravel, and Vue.js.
